SUMMARY

Motivated software engineering student with hands-on experience in web development, user interface optimization, and IT support. Strong background in Angular, TypeScript, and NoSQL environments. Proven ability to work in Agile teams, solve technical issues efficiently, and deliver user-focused solutions. Seeking an 8–13 week internship in the U.S. to further develop my engineering and development skills.

TECHNICAL SKILLS:

- **Languages:** C#, JavaScript, TypeScript, Java (basic), Python, SQL
- **Frameworks & Tools:** Angular, Node.js, Bootstrap, MongoDB, GitHub, GitLab (basic), Docker (basic), Jira, VS Code, Visual Studio
- **Front-End:** HTML5, CSS3, Responsive Design
- **Methodologies:** Agile/Scrum

PROFESSIONAL EXPERIENCE

DAESIGN   Annecy-Le-Vieux, France
Web developer (internship and apprenticeship)
Apr 2023 – Jun 2023, Sept 2023 – Aug 2024

Improved the performance and user experience of a large-scale learning and broadcasting platform by delivering new features, optimizing data structures, and contributing to Agile development cycles.

Platform Feature Development

- Improved user experience through new front-end functionalities (Angular).
- Developed and integrated UI/UX enhancements used by thousands of platform users.
- Implemented a Parent/Subsidiary data-management system to streamline company hierarchy organization (Angular, NoSQL).
- Collaborated in an Agile team to refine requirements, test features, and ensure smooth releases.

Front-End Modernization & Interactive Content

- Modernized the platform's login page using HTML/PUG/CSS, improving accessibility and usability.
- Integrated an interactive "serious game" focused on workplace disability awareness using HTML/CSS.
- Collaborated with designers to maintain consistency with the platform's visual standards.

EDUCATION & OTHER

UNIVERSITY
CESI Graduate Engineering School — Lyon, France 2028
Master of Science in Software Engineering (in progress)
IUT Annecy-le-Vieux — Annecy, France 2024
Bachelor of Science in Computer Science
Lycée Louis Lachenal — Argonay, France 2021
High School Diploma, Concentration in Information Technology

INTERESTS
Handball (competitive player and volunteer since 2009), Music, Cinema, Reading
